## Jumanji

## **Glass Towers**

Discovery,
Channel on the,
TV oh, we're wasting our time again,
Won't youâ€l
Please shut the door,
Collarbone jungle, I call late,
But you're not at home again,

I know I would like to, take what you want to.

I don't mind, if you don't mind is,

All that you want to, know what you'd like to do.

She said time'd pass me by.

The weekend is over when we sigh,
And all I want is a little more time.
So feed me a lie, won't you be here tonight,
And you know,
Don't you go.

I know I would like to, take what you want to.

I don't mind, if you don't mind is,

All that you want to, know what you'd like to do.

She said time'd pass me by.

I know I would like to, take what you want to.

I don't mind, if you don't mind is,

All that you want to, know what you'd like to do.

She said time'd pass me by.
