Never Trust A Dead Man

For All Those Sleeping

It's all the same shit everyday
Just another place I'll forget anyway
If you could see through my bloodshot eyes
I bet you wouldn't last a single day
It's all the same shit every night
You're just another face ill forget tomorrow
Just leave your luck at the door
'Cause I've been here before
And I'm one tough act to follow

Applause all around
Face to the ground
I'll never stand the test of time
And I'd never try

I sold my soul but
I won't slow down
till I'm screaming at the top
Can you hear me now
Can you hear me
You said I'd die alone
But I'm already dead
And you can't trust a dead man
I sold my soul but
I won't slow down
till I'm standing at the top
Can you see me now
Can you see me
You said I'd die alone
But I'm already dead
And you should never trust a dead man

There I go again
Always circling
The drain of life
And this time I'm in over my head

Applause all around
Face to the ground
I'll never stand the test of time

And I'd never try

It's just the way I play the game
There are no rules and there's no balance
Now it's your turn
Whether win or burn
You'll always wish you hadn't

When death comes for me
I'll greet him with my glass up

I sold my soul but
I won't slow down
till I'm screaming at the top
Can you hear me now
Can you hear me
You said I'd die alone
But I'm already dead
And you can't trust a dead man
I sold my soul but
I won't slow down
till I'm standing at the top
Can you see me now
Can you see me
You said I'd die alone
But I'm already dead
And you should never trust a dead man

Black out or get the fuck out
Don't stop till the bottle drops

I sold my soul but
I won't slow down
till I'm screaming at the top
Can you hear me now
Can you hear me
You said I'd die alone
But I'm already dead
And you can't trust a dead man
I sold my soul but
I won't slow down
till I'm standing at the top
Can you see me now
Can you see me
You said I'd die alone

But I'm already dead
And you should never trust a dead man
