

Bye Bye Baby Blues

Little Hat Jones

Ooh, I'm missin' you
I've got those bye bye, bye bye baby blues
Ooh, ain't much to do
Sing those bye bye, bye bye baby blues
Havin' the blues, hatin' to loose
Guess I got a lot to learn
All of my friends have lost now and then
I guess it's just my turn
Ooh, I'm missin' you
I've got those bye bye, bye bye baby blues
Ooh, ain't much to do
Just sing those bye bye, bye bye baby blues
Tell me the first hurt you the worst
And time is your best friend
But when you're this sad and hurtin' this bad
How do you love again?
Ooh, I'm missin' you
I've got those bye bye, bye bye baby blues
Ooh, ain't much to do
Just sing those bye bye, bye bye baby blues
Bye bye, bye bye baby blues
