

# Teenage Nervous Breakdown (Live Outtake)

## Little Feat

Some contend that rock and roll  
Is bad for the the body and bad for the soul  
Bad for the heart, bad for the mind,  
Bad for the deaf, and bad for the blind  
Makes some men crazy and then they act like fools  
Makes some men crazy, and then they start to drool  
Unscrupulous operators could confuse  
Could exploit and deceive  
Conditional reflex theories and changing probabilities  
It's a crass and raucous crackass place  
It's a plague upon the the human race  
It's a terrible illness, it's a terrible case  
And it's usually permanent when it takes place  
It's a teenage nervous breakdown  
It's a teenage nervous breakdown
