

Fierce

Carmit Bachar

I'm heading to the ball, to the ball
And you go watch me walk, watch me walk
Move over miss thing, you need to make room
Sit back, grab a shot and watch me cak, cak, cak, what?I see you watching me go
Down, down, down, down to the ground
Fan it and drop it, tip, tip, dip, flickI see you watching me go zown, zown
Fan it and drop it, zown, zown, zown
Zown to the groundI twerk it, now work it bitch
(I twerk it, now work it bitch)
I twerk it, now work it bitch
(I twerk it, now work it bitch)I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirtThe kids say she's sickening
(Sickening)
You forget I'm the OG, the real thing
Ready, I'ma give you a show, a show
Taking notes while I gang, gang, gang, what?I see you watching me go
Down, down, down, down to the ground
Sit night hip tip, tip, back ball change, hair flipI see you watching me go zown, zown
Fan it and pop it, zown, zown, zown
Zown to the groundI twerk it, now work it bitch
(I twerk it, now work it bitch)
I twerk it, now work it bitch
(I twerk it, now work it bitch)I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirtI'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirtWhat? You wanna battle me?
Girl, do you see this?
You better beat that, you better eat that
You better work thatWhat? You wanna battle me?
Girl, do you see this?
You better beat that, you better eat that
You better work thatI twerk it, now work it bitch
(I twerk it, now work it bitch)

(I twerk it, now work it bitch)I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirtI'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
