Get Out While You Can

James Bay

I've been looking all night watching them empty hours
Invisible to these crowds, always double vision
I've been losing my mind listening to broken speech
Stacking up broken seats, it's a lonely picture
And I hear your voice as it echoes 'round my head
Always that same thing that you saidGet out, get out, while you still can
Don't let the nights slip through your hands
The world is wide from where you stand
So get out, get out while you still can
Ooh ooh, ooh oohAs I'm sweeping up glass, I see the exit lights so green
There's people falling into the streets
Something comes together
I've been here too long and if I stay, they'll tie me down
I know this trench won't hang around, so I'm gone forever
And I hear your voice as it echoes 'round my head
Always that same thing that you saidSo get out, get out, while you still can
Don't let the nights slip through your hands
The world is wide from where you stand
So get out, get out while you still can
Ooh ooh, ooh ooh, ooh ooh, ahPacking up my suitcase, racing down for gun street
Making my tracks along the cracks in the coke
Seeing those headlights shining down upon my feet
If you find me, you will find me on the run
For all the bleeding hearts pushing 'round the shopping carts
I've seen the green of glass, I've seen the faster cars
And I don't need your heavy hours
I don't need your lonely bars
I'm ejected like a bullet from a gun
So take your final look at me, may even take my hand
Standing on the staircase, come and chase the master plan
Long way to get away, play it like a grand slam
This is no encore, we have only just begunSo get out, get out, while you still can
Don't let the nights slip through your hands
The world is wide from where you stand
So get out, get out while you still can
Ooh ooh, ooh ooh, ooh ooh, ah
Ooh ooh, ooh ooh, ooh ooh, ah
