

Long Way Down

Swollen Members

And it's a long way down
It's a long way down
It's such a long way down
To the place where we started from
Yo, I'm still trying to figure out this Venus and Mars thing
But every time I see you, all I hear is a harp string
We chilled last night, I had to record this
Listen to Portishead making love in the forest
We're not stuck in this orbit, it's gonna work out for us
So gorgeous like the voice of the woman gracing the chorus
A newborn in its pure form gentle and precious
We connect on more than just mental, don't let this shit stress us
I'm okay if you're okay, I know it sounds clich
