

There's Something Very Wrong With Us So Let's Go O

Electric Six

Policeman watching you
I see everything the policeman sees
City's on fire, it's a billion degrees
Oh ohThe policeman he waves me through
That's the difference between me and you
We're watching hot tits on ice 'til we freeze
Oh ohWhite DJ in Detroit
Black MC in Tokyo
White girl in a black Blockbuster Video
Oh ohAaaaaaaaaah!
(Something wrong with us)
There's something very wrong with us tonight
Aaaaaaaaaah!
(Something wrong with us)
There's something very wrong with us tonight
So let's go out tonightSubway passenger
I see everything that the passenger sees
One hundred buildings for every five trees
Oh ohAnd I will ride 'til the ride is through
That's what the passenger's expected to do
Looking to pick up a Japanese
Venereal diseaseDutch hip-hop in Atlanta
Tight new R&B in Estonia
Just another sick American at Yoshinoya
Oh ohAaaaaaaaaah!
(Something wrong with us)
There's something very wrong with us tonight
Aaaaaaaaaah!
(Something wrong with us)
There's something very wrong with us tonight
So let's go out tonight
