# Girl About Town

## Bananarama

You do no rest
To join the best
With your smart tall good looks
You spread your wings
In deeper things
Your better than it looks
(bridge)
Good times from the clothes you took
Far from the bottle
Your friends all share your hollow looks
(chorus)
Girl about town, girl about town, girl about
Girl about town, girl about town, girl about
Girl about town, girl about town, girl about town
If you think that

You're so smart
With friends and cars for style
Why does your face
Look out of place
Your response stands out a mile
(bridge)
(chorus)
(bridge)
(chorus ad lib)
