

Where Soldiers Rule

Riot

Long before
Carry on
Journey
Straight past Hope and glory
On through the night
Never dies
Crimson skies Out in the fields
Straight past
All we ask is no resistance
Led ourselves astray of day Call
One and all No man ever safe
Where soldiers rule
Where soldiers rule Inside
Out in the fields
Call
Straight past the Have we led ourselves?
Lost the light of day Call
One and all No man ever safe
Where soldiers rule
Where soldiers rule
