Be Mine Tonight

Bloodshot Bill

I feel the need so won't you please turn me on
And give to me some thought of you to keep me strong, yeah, baby
You say to me you gotta be on your way, well
On hands and knees I'm begging you please stay
I'm not worried about tomorrow
Let tomorrow take care of itself
Honey won't you be mine tonight, yeah
Honey won't you be mine
Daddy won't you be mine tonight
Sugar won't you be mine
It's you I want so baby don't leave me now, don't go
Why don't you stay awhile, make me smile, show me how
I'm not worried about tomorrow
Let tomorrow take care of itself
Honey, won't you be mine tonight
Honey, won't you be mine
Sweet Daddy, won't you be mine tonight
Darling, won't you be mine
Honey, honey be mine tonight
Daddy, won't you be mine
I want you to be mine tonight
I want you to be mine
I need you tonight
I want you to be mine
I want you to be mine tonight
Won't you be mine
I want you to be mine tonight
I want you to be mine tonight
Daddy, won't you
Daddy, won't you
Daddy, won't you be mine
Daddy, won't you, daddy, won't you
Daddy won't you be mine tonight
Daddy won't you come on be mine
Come on, come on, come on be mine tonight
Daddy, won't you
Daddy, won't you
Daddy, won't you
Daddy, won't you

Daddy, won't you
Daddy, won't you
Daddy, won't you
Daddy, won't you, come on
Daddy, won't you
Daddy, daddy, won't you
Daddy, won't you
Daddy, won't you
Your mama waitin' for you, come on
Daddy, won't you be mine tonight
