In Trust Of No One

Charon

Your lover is dead in your game.
Rush to nowhere in a land of crippled lies.
Call me jesus and they'll crucify.
Blood is blood when a word can tear you down.
Burn you to ashes with the look.
Love to make you the queen of godless.Pain is pain when a world will bring you down.
Turn to tame my will as you crave.
Scent of a game in a world beyond my touch.
Called you angel and they crucified.In trust of no one the treason is wearing your name.
Your life is a desperate game.
This I believe in,
The stronger my faith fades away,
Your lover is dead in your.
