Carolina

Royal Headache

Carolina thinks she's one of us
She's been waiting for the train down by the bus
She's got the kind of heart that you can't trust
And eyes that break your mirror in disgustYeah, now somebody savour her
Nanananana, now figure out how to change her heartSpeak now my friend or forever hold your peace
You know there'll come a day you'll be released
And now your future pressures do you harm
You know you should have never left the farmYeah, now somebody savour her
Nanananana, now figure out how to change her heart
The only one that loved me turned me out into the sea
The only one that kissed me throws her eyes it's sweet to me
The only one that stood for me was dying on his teeth
And the only one that held my heart in time, sweet Carolina
Figure out how to save her heart
