

# Wrecking Ball

## I Was Totally Destroying It

I've got a wrecking ball, but it won't save the world  
It just puts holes in my garden walls and drowns out the noise  
Just look what I've got on my lot, say "Oh"  
I've got a wrecking ball, but it won't save the world  
I may hate myself but I hate you all so much more  
Yeah, it's me against the world  
Okay, now I may say some things that can get me in over my head  
But I'm just glad rock & roll won't be my mid-life crisis  
Just look what I've got on my lot, say "Oh"  
I've got a wrecking ball set to maim the world  
So I'm inclined to say  
I may hate myself but I hate you all so much more  
Yeah it's me against the world
