

Let It Burn

(hed) p.e.

here come the fire
Feels like i can't catch my breath,
like im walking through the valley of the dead
here come the fire
burn away this confusion
live up to this and fial the inlldont be a miracle
show me some love today
a little bit of love go along way
just a little bit of love go along way
show me some love today
let it burn
pass that love around
let it burn you've got the power to choose
let it burn
burn it away now
tired of singing the blues
here come the fire
Feels like i can't catch my breath,
like im walking through the valley of the dead
here come the fire
burn away this confusion
