Satellite

Vega4

Baby come over here, I just gotta tell you somethin', somethin' There's nothing left to fear, There's nothing that can hurt you, nothin' We can take on a bodies of angels, Away from everyone, Touch as we circle the world, You and me, on the run So put your hands up to the sky, Yeah put 'em up, Follow me, if you wanna fly, I'll show you love, Put your hands up to the sky, it's not a mile, When we touch, we get so high Like a satellite, I don't wanna come down, I just want your love now, Like a satellite, I don't wanna come down, I just want your love, Baby hold on tight Look at the stars above, We're the only thing that's brighter, brighter, Tonight you can feel the love, The way I feel around you, lighter We can take on the bodies of angels, Away from everyone, Touch as we circle the world, You and me, on the run So put your hands up to the sky,

Yeah put 'em up,
Follow me, if you wanna fly,
I'll show you love,
Put your hands up to the sky, it's not a mile,
When we touch, we get so high

Like a satellite,
I don't wanna come down, I just want your love now,
Like a satellite,

I don't wanna come down, I just want your love, Baby hold on tight The way I feel around you, lighter The way I feel around you, Baby hold on tight Baby hold on tight Like a satellite, I don't wanna come down, I just want your love now, Like a satellite, I don't wanna come down, I just want your love, Baby hold on tight, I don't wanna come down, I just want your love now, Satellite, I don't wanna come down, I just want your love Baby hold on tight
