

# Monster Inside

## Nate Wants To Battle

Now I'm scared to even open my mouth  
Because there's something deep inside of me  
You don't know about  
And I wish there was a way you could see  
If I could show maybe I'd know  
If I'm a man or a beast Just take one look in my eyes  
You'd see right through my disguise  
She says that when I'm nearby  
That she can feel my every move When I fell apart  
Yeah, something changed in my heart  
As you can tell from these scars  
I'm not the man that you knew before I found something that makes me feel alive  
Yet somehow dead inside  
It makes me feel  
It makes me numb at once  
It makes no sense  
Yet it still helps me see  
So am I soon to be the monster that I despise? She thinks she's mine  
She must be out of her mind  
I said "get back" but she wants more  
And now her body's on the floor I've got this thing in my heart  
I have to hide  
It's eating at me from the inside Just take one look in my eyes  
You'd see right through my disguise  
She says that when I'm nearby  
That she can feel my every move When I fell apart  
Yeah, something changed in my heart  
As you can tell from these scars  
I'm not the man that you knew before I found something that makes me feel alive  
Yet somehow dead inside  
It makes me feel  
It makes me numb at once  
It makes no sense  
Yet it still helps me see  
So am I soon to be the monster that I despise?
