## **Blinking Pigs**

## **Little Dragon**

Phantom legs and blinking pigs haunting me

My long lost love and the memories of youThese nights are haunting me

I don't wanna run, I don't wanna leave

Now that you're standing closer

I don't wanna run, I don't wanna leaveWas distance moan and a smell of home haunting me

From the clouds above and the memory of youThough these nights are haunting me

I don't wanna run, I don't wanna leave

Now that you're standing closer

I don't wanna run, I don't wanna leave

Now that you're standing closer

I don't wanna run, I don't wanna leave

Now that you're standing closer

I don't wanna run, I don't wanna leave
