

Jessica (feat. Ezra Koenig of Vampire Weekend)

Major Lazer

My bathing suit is drying on the porch
My mother is crying upstairs
It's badman, your badman
And all I want is my Jessica You can let me off with a leash
I won't come near, I won't come near
Teach me to burn, teach me to speak
I won't come near, I won't come near
Some girls they call the shots
Other girls might call your shots
But Jessica you're the girl and I'm the man
I love your locks, and your looks and your legs And my physical looms on the schedule
I wanna be healthy for you
I hope it's not bad and, your badman
Cause all I want is my Jessica
Mi Jessica
Mi necessito quantassica
My mosunasiacuca are calling out tonight my Jessica
My Jessica
My Jessica You can let me off with a leash
I won't come near, I won't come near
Teach me to burn, teach me to speak
I won't come near, I won't come near
Some girls they call the shots
Other girls might call your shots
But Jessica you're the girl and I'm the man
I love your locks, and your looks and your legs
