Don't fuck with me,

Don't fuck with me

Since you shipped my eyes off to sea

I never knew where i was going

I went where the water was flowing

Chorus:

I know I've been gone a long time, but

I'm back and I want what is mine

I know I've been gone a long time, but

I'm back and I want what is mine

The ship was the love of my life

We went down together that night

I surfaced and married Me

For years I just kissed her goodnight

Chorus:

I know I've been gone a long time, but

I'm back and I want what is mine

I know I've been gone a long time, but

I'm back and I want what is mine

So don't try and fuck me about

You're waste and you're on your way out, boss

Im startin to clock how u roll

I'm tired and about to get cold

Chorus:

I know I've been gone a long time, but

I'm back and I want what is mine

I know I've been gone a long time, but

I'm back and I want what is mine

Coda:

I know I've been gone a long time, but

I'm back and I want what is mine

I know I've been gone a long time, but

I'm back and I want what is mine
