

# Victims

## Lacuna Coil

Stumbling I almost fall  
Walking blind in this decay  
It's sending shivers down my spine again  
Can't be running for our lives  
We're still fighting for our land  
Fight for something we don't understand  
We need to free ourselves now  
Then become more human  
We will not stand in line  
Victims have fallen in vain  
Frozen hearts  
Empty eyes  
We've seen it all before  
We will not stand in line  
Victims have fallen in vain  
Mother's tears  
Vicious eyes  
We've seen it all before  
People told me I was weak  
I told them I'll never quit  
I will never quit  
(I'll never) Never break me down  
Never break me down again  
We need to free ourselves now  
Then become just human  
I don't want to hear no more  
The rotten lies I heard before  
Never break me down again  
I cannot burn inside this hell  
Vengeance  
I think it's taking over me  
Vengeance  
You'll never run away from me
