

Rainy Day

Guster

I will dig a hole
Save my pennies for a rainy day
I will dig a hole
Savin' pennies for a rainy day
I'm not scared I will build a wall
Sensin' trouble from a mile away
I will build a wall
Saw it comin' from a mile away
I'm not scared, I'm not scared Try when your inside's out
I don't even try
I know I have seen the best I'll have
I don't even try I will just play dumb
I won't hear a single word that's said
And I will bite my tongue
Never sing another song again
I'm not scared, I'm not scared Try when my inside's out
I don't even try
I know I have seen the best I'll have
I don't even try
Never been one to take my chances
I don't even try Clouds are comin', air gets heavy
Looks like trouble on a rainy day
Sun starts sinkin', can't see my shadow
Looks like trouble on a rainy day
Holes uncovered, walls will crumble
All spells trouble on a rainy day
