Walken

Wilco

I'm walking all by myself
Well, I was talking
To myself about you
What am I gonna do?I was singing this song about you
I was speaking about singing
This song for youThe more I think about it
The more I know it's true
The more I think about it
The more I'm sure it's youHoney, I think you're just right
You're just rightI was walking
Like I said by myself
I was talking
To myself about you
Like I always doThe more I think about it
The more I know it's true
The more I think about it
The more I'm sure it's youHoney, I think you're just right
You're just rightThe more I think about it
The more I know it's true
The more I think about it
The more I'm sure it's youHoney, I think you're just right
You're just right
