

Sound Of Destruction (Guns N Bombs Dub Mix)

The Cult

Got a fist full of ice
Got a head full of speed
Got a fist full of ice
Got a head full of speed
I hear the sound of destruction
I smell a rose of seductionGot a fist full of ice baby
Got a head full of speed
Just gimme what I want now
Just gimme what I needI don't fear anyone
Stray dog fighting
Haters run
I got lighting in my eye
I ain't no dirty suicideI don't fear anyone
Stray dog fighting
Haters run
I got lighting in my eye
I ain't no dirty suicideIn this world full of ice
Truth is just a disease
A cheap way to please
So stop pleasing meWe're on the path of destruction
We're right up for destruction
Got a fist full of ice
Got a head full of speedI don't fear anyone
Stray dog fighting
Haters run
I got lighting in my eye
I ain't no dirty suicideI don't fear anyone
Stray dog fighting
Haters run
I got lighting in my eye
I ain't no dirty suicide
