

# Far Away

## Ginuwine

Oh yeah, this is one of those songs  
When you have a relationship and your woman  
Is just being real distant, you ask her this How come you're so far away? Come back to me, do you hear me?  
How come you're so far away? It's so frightening, have I lost you?  
How come you're so far away? Have I hurt you or depressed you?  
How come you're so far away? It's so frightening, boo I love you!  
How come? I'm lonely and I don't know where to turn  
I feel her everywhere and it's killing me  
So out of my mind, and it burns baby it burns  
What I reached out and came back right to me I had this bomb chick, I tricked, she switched  
She was flawless and I lost this  
I deeply regret everything I've done to you  
So baby please tell me why How come you're so far away? Come back to me, do you hear me?  
How come you're so far away? It's so frightening, have I lost you?  
How come you're so far away? Have I hurt you or depressed you?  
How come you're so far away? It's so frightening, boo I love you!  
How come? I'm in agony and my heart is hollowed out  
There's nobody home, there's nobody home  
And once I was told, this what love is all about  
I wish I never found out I wish this on no one 'cause this is nothing to be wished  
And I'd give my right arm, anything to be done with this  
'Cause it hurts, this pain nevertheless you heal  
But the time is what kills and I'm sorry so tell me why How come you're so far away? Come back to me, do you  
hear me?  
How come you're so far away? It's so frightening, have I lost you?  
How come you're so far away? Have I hurt you or depressed you?  
How come you're so far away? It's so frightening, boo I love you!  
How come? I'm tired, I'm tired, I'm tired  
I'm tired, I'm tired and I want you back babe  
Baby baby, baby baby  
These things I've done I'll never do again to you  
Baby baby, baby baby I'll now appreciate just who you are, I need ya  
Baby baby, baby baby  
I won't take you for granted, never baby please come back  
Baby baby, baby baby, oh How come you're so far away? Come back to me, do you hear me?  
How come you're so far away? It's so frightening, have I lost you?  
How come you're so far away? Have I hurt you or depressed you?  
How come you're so far away? It's so frightening, boo I love you!  
How come? How come you're so far away? Come back to me, do you hear me?

How come you're so far away? It's so frightening, have I lost you?  
How come you're so far away? Have I hurt you or depressed you?  
How come you're so far away? It's so frightening, boo I love you!  
How come?
