

Mission

Van She

Say you, gives you back your ride
When you turn your back on them
Say 'cause it's me who wants this fight
My baby's strange Say you, keep turning back to the left
Just step back 'cause you don't care
Say 'cause it's me who wants this fight
My baby's strange Strange, strange On a mission, can't you see?
On addicted fantasy
Come and make your move
You don't tell me, baby, whoa, ah, oh On a mission, can't you see?
On addicted fantasy
Come and make your move
You don't tell me, baby, whoa, ah, oh Say you, gives you back your ride
When you turn your back on them
Say 'cause it's me who wants this fight
My baby's strange Say you, keep turning back to the left
Just step back 'cause you don't care
Say 'cause it's me who wants this fight
My baby's strange On a mission, can't you see?
On addicted fantasy
Come and make your move
You don't tell me, baby, whoa, ah, oh
