

# Sleep

## Skrape

Come to  
I need to feel  
You bore me too  
When you sleep too longStrange house  
Same dayWhen will you fall upon your face?  
When will you fall upon your face?Wake up  
I dream for me  
You must be high  
'Cause you dare meStrange house  
Next dayWhen will you fall upon your face?  
When will you fall upon your face?When will you fall upon your face?  
When will you fall upon your face?When will you fall upon your face?  
When will you fall upon your face?
