

Hustle Hard (feat. Jim Beanz)

Empire Cast

I'll be

I'll be on my charge
Let me in the door
Sucking like a dog
But an entrepreneur
Might not see tomorrow
So I gotta get it
I get long on competition
All the paramedics
I need that paper bullet in my hand
Don't be confused
And if you keep it real with me
Then I keep it real with you

I keep that path forward every minute
Someone better get it
Put the order
Give me order
You'll be alright
Better not talk back

'Cause I work hard just so I can play hard
But if you work a little harder
You can play even harder
So I be on my
Hustle hard
Hustle hard
Hustle hard
Oh my God

There's no money
Don't make no money
So keep that over there
My mommy raise no dummy
'Cause I'm a thoroughbred
Binge on that
Envision that
Think got money over there
And I need this resulting

'Cause I be working with Timbaland all day

Dollar bill
Got a couple mill
But a dollar chill
Or close the deal
