

Serve It Up

Trey Songz

[Chorus]

Serve it up, serve it up, girl your lovin' is the bestest
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll do your dirty dishes

Serve it up, serve it up, I'm comin' back for seconds
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious

I'll never leave the kitchen[Verse 1]

Girl, girl don't you keep me waitin'
Say you got a situation but you're here now
Oh girl, baby girl I know you're down
So let me get you out this crowd and we'll get workin'
Go to work on you
Cause you know I want it, you won't be disappointed
I'm a fool

I just wanna get a little taste, put it right on my plate and...[Chorus]

Serve it up, serve it up, girl your lovin' is the bestest
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll do your dirty dishes

Serve it up, serve it up, I'm comin' back for seconds
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious

I'll never leave the kitchen[Verse 2]

Girl, girl I know that you know that it's only a matter of time
'Til I do what I do and make you mine
Girl, got me kissin' all on your spot
Goin' hard like your body was my job
Tick, tick, tock, like I'm punchin' on the clock
I'll work on you

Cause you know I want it, you won't be disappointed
I'm a fool

I just wanna get a little taste, put it right on my face and...[Chorus]

Serve it up, serve it up, girl your lovin' is the bestest
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll do your dirty dishes

Serve it up, serve it up, I'm comin' back for seconds

Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll never leave the kitchen[Bridge]
You got that body, you got that body, wanna please it
You got that body, you got that body, and I need it
Girl I've been waitin' all damn day
Come on and put it on my plate[Chorus]
Serve it up, serve it up, girl your lovin' is the bestest
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll do your dirty dishes
Serve it up, serve it up, I'm comin' back for seconds
Workin' up an appetite and baby you're my breakfast
Ooh you're so delicious
I'll never leave the kitchen
