

I Know (Jon Hopkins Remix)

David Lynch

I know, I know,
? she stopped to sing,
Since I went and did that thing,
I know, I know,
? loved you.I know, you can't ?
Sing and come baby, ? playing the game
Sing and come at me
No way you can stay,
I know, I know, I know,
I, I, I know.Don't have to tell me baby,
See.. on the road now,
You're gonna live my side,
But I will remember you baby,
Each and every midnight,
Don't have to tell me
? let me go,
I, mm, see you so alone,
And I, I see you go.? loud girl,
? please stop to sing,
Since I went and did that thing,
I know, I know
Please let me go.
