We believe in the power
We believe in the power
We believe in the power
The power of God
Whoa...oah, whoa....oah
Whoa...oah, whoa....oahLooking at the news
Is never really good news
Seems like everything I hear
They're tryin' to keep us all in fear
Even if I could leave today
Say goodbye and walk away
I wouldn't
Whoa...oah
Cause I put my trust and my everything
In the One who knows and holds everything
Whatever this life will bring
It don't matter to me
CauseWe believe in the power
We believe in the power
We believe in the power
The power of...the power of God
Whoa...oah, whoa....oah
Whoa...oah, whoa....oahEvery single year
We make it through another year
We lose some friends along the way
But we're still able to say
You took us through dangers that we couldn't see
Maximum security
For ?????
Whoa...oah
You answered every time we called
Whether troubles big or problems small
There's no way I'm ever walkin' away
Cause you can handle it allWe believe in the power, yeeey, we believe, yeah, yeah
We believe in the power, tell me do you believe yeah, yeah
We believe in the power,
The power of...the power of God
Whoa...oah, whoa....oah
Whoa...oah, whoa....oahWe bow down

Before you
Amazed at your strength and the power of your love
No other
No greater
My awesome strong power, foreverWe believe in the power, I'll tell you what we believe, yeah
We believe in the power, what you know about the, what you know about the, whoa...oah
We believe in the power
The power of...the power of God
