Mestizos Love Song

MÃªlÃ©e

There is no denying, truth can leave you crying, when you've never loved before
I hope you're never leaving 'cause wishes are deceiving and crying hurts us more

so fall asleep, ill always be in love with you
and forever know, you're always in my dreams

you never loved me like you said you did (2x)

night fades into day, my dreams are where you stay, can we ever really get it right
i'm not going to say it cause i don't want to hear it how it never really worth the fight
remaining fairly happy and patiently awaiting, the moment that you realize
call it supserstition or call it intuition, but i know where our future lies

so fall asleep, ill always be in love with you
and forever know, you're always in my dreams

you never loved me like you said you did (4x)

so sing to sleep, ill always be in love with you
and forever know you're always in my dreams
it goes on and on
you're always in my dreams

you never loved me like you said you did (5x)
