Big Calm

Morcheeba

Trapped in the skies
What am I to do
Brothers from another planet
Ya know the truth
Papa was a rolling stone
Nigga never
Things I used to do with her I now do alone
Never blizzard
Freako, now leaning on towers I roam
You fell with watching
Makes these pigs think my styles be drones
Fuck that bullshit
Rather walk alone
Nigga standing on the verge of
You know the song
Suck my rocket
Nosaj the great
And Morcheeba
How much more can you take?
It's
Te-te-te-te-te-terrible
Te-te-te-te-te-terrible
It's Morcheeba
Suck my rocket
Brothers from another planet
Ya know the truth
It's Morcheeba
Suck my rocket
Brothers from another planet
Ya know the truth
Suck my rocket
Nosaj the great
And Morcheeba
How much more can you take?
It's
Te-te-te-te-te-terrible
Te-te-te-te-te-terrible
On our way to the moon
Te-te-te-te-te-terrible

Te-te-te-te-te-terrible
On our way to the moon
Te-te-te-te-te-terrible
Te-te-te-te-te-terrible
Te-te-te-te-te-terrible
Te-te-te-te-te-terrible
It's Morcheeba and a spaceship sighted
It's Morcheeba and a spaceship sighted
It's Morcheeba and a spaceship sighted
