

Shine

Cyanna

And so itâ€™s begun
A fairytale of one
A bleeding rose â€™ a mind in pause
And so itâ€™s begun
A journey meant for one
A heart that froze â€™ the life I chose

I got one chance to make life shine
Make you mine
I need one chance only one chance to make life shine
Make you mine

And so itâ€™s begun
A fairytale of one
A bleeding rose â€™ a mind in pause
And so itâ€™s begun
Weâ€™ll never sleep as one
You had to go it felt so low

I got one chance to make life shine
Make you mine
I need one chance only one chance to make life shine
Make you mine oh

This love will drive me mad
This love will make me sad
Will make me lose control
This love will take my soul
This love will make me see
This love will bring me to my knees
Every time I believe â€™ every time I see
Every time I think youâ€™re the other half of me

I got one chance to make life shine
Make you mine
I need one chance only one chance to make life shine
Make you mine

Life shine Life shine - I shine on
