

# Rainy Day Blues (Featuring Jonnny Lang)

[Willie Nelson](#)

Well it's cloudy in the morning gonna be raining in the afternoon  
Cloudy in the morning and it's gonna be raining in the afternoon  
If you don't like this rainy weather you better pack your bags and move  
But if you're running from it brother the only road that I can see  
If you're running from it brother the only road that I can see  
Is the road that leads to nowhere and nowhere is a fool like me  
Rain keep a falling falling round my window pane  
Rain keep a falling falling round my window pane  
Ain't never seen so much rainy weather guess I'll never see the sun again  
Save those dimes and nickels save 'em  
for a rainy day  
Save your dimes and nickels save 'em for a rainy day  
It ain't gonna keep the rain from coming but at least you know you've paid your way  
Rain rain rain keep a falling...
