

This Way

Chris Brown

You know I been out here doing me
Like I said I would
Every night I lay with two or three
Got me feeling good
Didn't want it to be over when you told me it was over
Baby, now I'm getting under somebody
All I wanted was to know love,
Now these hoes ain't getting no love
I'm just sitting tryna pour up and party
Baby, you made me this way
I got you to thank, I got you to thank
Baby, you made me this way
I got you to thank 'cause I'm not the same, no
Uh huh, baby, uh huh, yeah, yeah
You made me this way, no
Uh huh, baby, uh huh, yeah, yeah
You make me this way
This ain't what I thought I wanted, babe (oh, woah)
Until you were gone, yeah (until you were gone)
I'd be crazy to ever complain (yeah, don't, baby)
'Cause I don't sleep alone, baby
('Cause I don't sleep alone)
[Pre-Chorus]
Baby, didn't want it to be over when you told me it was over
(Didn't want it to be, when you told me it was)
Baby, now I'm getting under somebody
(baby, now I'm getting, yeah, somebody)
All I wanted was to know love,
Now these hoes ain't getting no love (know love, no love)
I'm just sitting tryna pour up and party (pour up and party) Baby, you made me this way (I got you)
I got you to thank, I got you to thank (huh, you)
Baby, you made me this way (baby, you made me this way)
I got you to thank 'cause I'm not the same, no (same)
Uh huh, baby, uh huh, yeah, yeah
You made me this way, no (girl, no)
Uh huh, baby, uh huh, yeah, yeah (uh huh, baby, uh huh)
Baby, you make me this way (you make me this way)
Pull up, pull up here with dutty shottas
You whine, you whine, it don't really matter

It happens up the time, it don't matter
Mi love the way she whine, I feel better
Oh, na-na-na-na-no, let me kiss the punani, baby (baby)
You better, ooh baby, got her drunk in love (baby)
Hey lil mama, what's up? She say she just wanna go out
Singing, baby, we rumpa, let her go, let her go, aw yeah
She got the young brother messed up,
And I can't leave this girl alone (young brother messed up)
Yeah, baby, you made meBaby, you made me this way (I got you to thank, baby)
I got you to thank, I got you to thank (you, oh woah)
Baby, you made me this way (baby, baby, you made me this way)
I got you to thank 'cause I'm not the same, no (it's all you, yeah)
Uh huh, baby, uh huh, yeah, yeah (baby)
Oh, you made me this way (aw yeah)
Uh huh, baby, uh huh, yeah, yeah (uh huh, baby)
