

# I'll Always Believe In You

Michael Ruff

First you walk, then you'll run  
Soon you're flying towards the sun  
And if your wings should burn  
You know I'll catch you

Don't lose hope as changes come  
Trust your heart it is your only one  
Everybody falls sometimes  
Just trust in me I'll always believe

Love is now, love will be then  
Know that always I will be your friend  
And whenever the cold wind blows  
You know I'll warm you

I am yours and you are mine  
Souls together till the end of time  
Everybody needs someone  
Just trust in me I'll always believe, (believe)

We all fall, this much is true  
God has his plan for me and you  
A perfect promise never fades

Don't lose faith  
As seasons come  
Follow your heart, for it's your only one  
Whatever may happen you know I'll catch you  
Come on baby you know how I need you  
Trust in me I'll always believe in you
