

With Avarice

Pulling Teeth

Spreading out across
the planet with avaricious rage
self-annihilation
is the only end to this disease
too much is never enough
we take more than we need
too much is never enough
our gluttony will be our demise
it's a growing epidemic
it's too late to make a change
we're taking over
we are a cancer
this is the human plaque
too much is never enough
we take more than we need
too much is never enough
our gluttony will be our demise
watch as we lay waste
we destroy our home
when it's all we've got
just trash the place, just let it rot
consume it all
with voracious hunger
drowning in filth
as we're pulled under
