O.v.e.r. U

Daniel Bedingfield

La, la, la, la, la.
La, la, la, la, la.
Don't think I'm lost-
Don't think I'm struggling to mend.
No, no, no.
Don't think I've left you
Only to come back again-
Some things have got to end, now.
(O. V. E. R.)
And everything
You were to me
Has got to be
Over.
(O. V. E. R.)
Before the fight
There was the night
But this the day after.
(O. V. E. R.)
We spent the night
To take a chance
I won't be that stupid.
(O. V. E. R.)
We bit the dust
The both of us
I'm done and I'm over you now.
I'm mine, I'm moved-
I'm over you now.
So light, so good-
I'm over you now.
I'm free, I'm alive-
I'm over you now.
The truth always said-
I don't miss you anymore.
La, la, la, la, la.
I don't miss you anymore.
La, la, la, la, la.
Don't get me wrong-
What we had was wonderful.
For a time.

But then goodbye
Was something I had to say-
It was either yours or mine.
(O. V. E. R.)
And everything
You were to me
Has got to be
Over.
(O. V. E. R.)
Before the fight
There was the night
But this the day after.
(O. V. E. R.)
We spent the night

To take a chance
I won't be that stupid.
(O. V. E. R.)
We bit the dust
The both of us
I'm done and I'm over you now.
I'm mine, I'm moved-
I'm over you now.
So light, so good-
I'm over you now.
I'm free, I'm alive-
I'm over you now.
The truth always said-
I don't miss you anymore.
La, la, la, la, la.
I don't miss you anymore.
La, la, la, la, la.
And everything
You were to me
Has got to be
Over.
Before the fight
There was the night
But this the day after.
We spent the night
To take a chance
I won't be that stupid.
We bit the dust
The both of us
I'm done and I'm over you.

I'm mine, I'm moved-
I'm over you now.
So light, so good-
I'm over you now.
I'm free, I'm alive-
I'm over you now.
The truth always said-
I'm over you now.
I'm mine, I'm moved-
I'm over you now.
So light, so good-
I'm over you now.
I'm free, I'm alive-
I'm over you now.
The truth always said-
I don't miss you anymore.
La, la, la, la, la.
I don't miss you anymore.
La, la, la, la, la.
I don't miss you anymore.
(O. V. E. R.) (O. V. E. R.)
I don't miss you anymore.
(O. V. E. R.) (O. V. E. R.)
I don't miss you anymore.
I'm over you now.
