

# Livin' In a World (They Didn't Make)

Janet Jackson

Children are called the future  
Of an adult world  
They are born with spirits so innocent  
'Til we teach them how to hateAdd to the world's confusion  
We teach our kids rules  
That we don't adhere to ourselves  
Right or wrongWhat examples can they take?  
The people we learn from  
Forge the ideas we becomeLivin' in a world they didn't make  
Livin' in a world that's filled with hate  
Livin' in a world where grown-ups  
Break the rulesLivin' in a world they didn't make  
Payin' for a lot of adult mistakes  
How much of this madness can they take  
Our children?Children grow to become  
Our young adults  
Problems of the world  
They must learn how to confrontDoin' drugs, joinin' gangs to rebel  
Colors show they belong  
To the social override'Cause they're livin' in a space  
They feel out of placeLivin' in a world they didn't make  
Livin' in a world that's filled with hate  
Livin' in a world where grown-ups  
Break the rulesLivin' in a world they didn't make  
Payin' for a lot of adult mistakes  
How much of this madness can they take  
Our children?Livin' in a world they didn't make  
Livin' in a world that's filled with hate  
Livin' in a world where grown-ups  
Break the rulesLivin' in a world they didn't make  
Payin' for a lot of adult mistakes  
How much of this madness can they take  
Our children?How much can they take?  
Children of the world  
They are all so innocent  
How much can they take?  
How much can they take?[Incomprehensible]
