

# One Step (Chop Shop mix)

## Coal Chamber

Never again! All my life it's been much the same game  
Altogether now who pass the blame game  
I'm not the one so don't put your shame on  
You're not the one that I put the blame on There is nothing I would rather do then  
Get up and explain life to you friend  
There is nothing I would rather do then  
Get up and explain life to you One step forward  
Two steps back  
Three steps forward, Go! People want to come and take from me everything  
People want to come and leave me with nothing  
I'm not the one so don't put your shame on  
You're not the one that I put the blame on There is nothing I would rather do then  
Get up and explain life to you friend  
There is nothing I would rather do then  
Get up and explain life to you One step forward  
Two steps back  
Three steps forward, Go! Why do you hide  
So afraid of what you'll leave behind  
why do you hide  
So afraid of what you'll leave behind One step forward  
Two steps back  
Three steps forward, Go! One step forward  
Two steps back  
Three steps forward, Go! Who put the blame on  
Who put the blame on  
Who put the blame on  
It wasn't my fault
