

# On the Attack

## Langhorne Slim & The Law

It's taken so long  
so long to be  
measure the man  
I hoped I would be  
I take a step forward  
I take two steps back  
I can't help but be bored  
unless I'm on the attack  
and attacking's alright  
We were up on the hill  
where the blueberries grow  
with time to kill  
I started to fall  
and it got  
hard to breathe  
and it got  
hard to relax  
hard to face yourself  
when you're still busy  
looking back  
and attacking's alright  
My love please understand  
My love please understand  
we're alone in this world  
doing all we can  
to find somebody  
to love and to hold  
with a good warm heart  
cause it's getting cold  
Honey please  
try to understand  
It's time  
to love  
your man  
I met a blonde girl  
she took me into her bed  
I wanted her body  
she wanted me dead  
on a cool summer evening  
i awoke from a dream  
scared of something that was  
inside of me
