

Easy Way Out

Krezip

In life they say
there's nothing you get for free
But lately you're trying to see
if that'll get me round

'Cos I found out, I'm my own worst enemy

and it feels like gravity is taking me downBut if you get what you give, you will see

Ah ah ah ah, oh yeah

say it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

I rather take the easy way out, yeahsay it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

and yeah I take it easy, yeah I take it easy, yeah I take the easy way out.Even if I drank to much again

and I woke up to late again

my head is breaking me down

Oh, look at me I am on top of things

let's see what the future brings 'cos it always comes downTo what you give is what you get, you'll see

Ah ah ah ah, oh yeah

say it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

I rather take the easy way out, yeahsay it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

and yeah I take it easy, yeah I take it easy, yeah I take the easy way out.I take the easy way out yeah, I take the

easy way out yeah, I take the easy way out yeah.Ah ah ah ah, oh yeah

say it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

I rather take the easy way outsay it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

so yeah I take it easy.

it's alright, alright

everything's going fine, just fine

there's nothing pushing over the line

so yeah I take it easy, yeah I take it easy, yeah I take the easy way out
