Goodnight Kisses

Charlie Wilson

I'd love to take you out every Friday night
I love the way you dress, girl, you always look right
I love the way you smile, when I tell bad jokes
I love the way you brush, girl, you're so beautifulWhen I'm with you, baby, I lose track of time
When I'm with you I never wanna say goodbye
I love you in my arms, I love to hold you close
But there's one thing, baby, that I love the mostCHORUS:
I love your goodnight kisses (That's what I love)
I love your goodnight kisses (That's what I love)
I love your cherry red lips, all over mine
I get chills every single time
I love your goodnight kisses (Kiss me right now, baby)I love driving you around with nowhere to go
Put the windows down, girl, watching your hair blow
Love the dimple on your cheek that you just can't hide
I love laughing with you till we 'bout to cryWhen I'm with you, baby, I lose track of time
When I'm with you I never wanna say goodbye
I love you in my arms, I love to hold you close
But there's always one thing, baby, that I love the mostCHORUS:
I love your goodnight kisses (That's what I love)
I love your goodnight kisses (That's what I love)
I love your cherry red lips all over mine
I get chills every single time
I love your goodnight kisses (That's what I love)Baby, baby, I love the flavor of your lips
Suga', suga' you're so sweet I can't resist
Honey bunny, you don't know just what you do
Shimmy, Shimmy Co-Co, pop, your kisses make me uuhOh oh, oooh ooo
Oh babyCHORUS:
I love your goodnight kisses (Kisses, baby)
I love your goodnight kisses (Kiss me right now, baby)
I love your cherry red lips all over mine
I get chills every single time
I love your goodnight kisses (That's what I love)I love your goodnight kisses
I love your goodnight kisses, your goodnight kisses
Girl, I love 'em, I love 'em, I can't be without 'em, oh oooh
