

# Phobic

## Key

I watched you sit alone  
I watched you cry your eyes out  
Now tell me what you've done  
Is it so bad that  
I would shut you out  
And leave you here alone  
Yes, I saw what you did  
I was right there with you  
I won't let you sink  
No, I forgive you  
Phobic  
Don't be  
Grace needs a little more freedom  
Phobic  
Don't be  
Love needs room to breathe  
I have watched you grow  
And I've stood in your shadow  
I've never walked away  
I hung the stars and  
I hold your heart  
So, don't ever be afraid  
Yes, I know when you breathe  
And I feel when you need  
I won't let you sink  
No, I forgive you  
Phobic  
Don't be  
Grace needs a little more freedom  
Phobic  
Don't be  
Love needs room to breathe  
You can be healed  
You can be free  
You can know peace  
Never be afraid again  
Phobic  
Don't be  
Grace needs a little more freedom

Phobic  
Don't be  
Love needs room to breathe  
Never be afraid  
Never be afraid  
He's here
