Losers

Me In Motion

I was always on the outside feeling like I don't belong
Watching all the happy people
Hey, did I do something wrong?
Did I do something wrong?

Hey, hey, hey, I was always one of the losers
Hey, hey, hey, don't you think that Jesus loves us?
This gospel sounds like good news to all of us losers

Someone has to be the victim, someone's got to eat alone
And maybe, that's a four-eyed Jesus coming from a broken home
Go on and throw your stones

Hey, hey, hey, I was always one of the losers
Hey, hey, hey, don't you think that Jesus loves us?
This gospel sounds like good news to all of us losers

So, here's to the losers in the crowd
Our tears will always be around
Help turn this kingdom upside down

Hey, hey, hey, I was always one of the losers
Hey, hey, hey, don't you think that Jesus loves us?
This gospel sounds like good news to all of us losers

Hey, hey, hey, I was always one of the losers
don't you think that Jesus loves us?
This gospel sounds like good news to all of us losers

Jesus has a thing for losers
