

Wake Me Up (Sloth)

Adore Me Not

And it's cold outside
It's cold but you won't let me
in your heart
Your heart is broken inside
It's broken but you won't let me make it alright again
Trying to ignore the dark surrounding me
Failing's another way to keep me here
Trying to remember everything
Prevent me from falling down
Will you stop to rise
Don't stop here
Break these habits of your mind
Your mind prevents the fall
Prepares you just to go ahead
You'll get it all back
Trying to ignore the dark surrounding me
Failing's another way to keep me here
Trying to remember everything
Prevent me from falling, falling down again
