

# Blood & Tears

## Joseph

Could we ever leave each other?  
Maybe the valley's wider  
Maybe it's longer than we thought  
Even though we just got started  
I know there's a hundred mountains  
I'll take more than we've got I will stay, I will stay  
I will stay until the end of the line  
Will you carry, will you carry  
Would you carry these troubles of mine? Don't cover our tracks  
(cover, don't cover)  
We'll say it wasn't easy  
No, it was never easy  
And when we look back  
(look back, we look back)  
We'll wonder how we got here,  
Tell 'em how we got here It was blood and tears  
Blood and tears (x2)  
It's how we got here I know that we got odds against us  
We're probably gonna get real tired  
Oh, we may have to choose  
We're gonna have to learn what hard is  
If it'll be a fight regardless  
I only want the fight to be with you I will stay, I will stay  
I will stay until the end of the line  
Will you carry, will you carry  
Would you carry these troubles of mine? Don't cover our tracks  
(cover, don't cover)  
We'll say it wasn't easy  
No, it was never easy  
And when we look back  
(look back, we look back)  
We'll wonder how we got here,  
Tell 'em how we got here It was blood and tears  
Blood and tears (x2)  
We forged every river of  
Blood and tears (x3)  
It's how we got here Wanna get some bruises  
Wanna fall a few times  
Wanna put a couple mountains behind us

Wanna throw a fist up  
Wanna yell a war cry  
Wanna say that we fought and we won  
Don't cover our tracks  
We'll say it's never easy  
It was never easy  
And when we look back  
(look back, we look back)  
We'll wonder how we got here  
Tell 'em how we got here  
It was blood and tears  
Blood and tears (x2)  
We forged every river of  
Blood and tears (x3)  
Oh, it's how we got here  
Blood and tears (x3)  
We forged every river of  
Blood and tears (x3)  
It's how we got here
