

Oh, Oldendaze!

Matthew Sweet

First impression
you were made of mine
so i guess my evil ways
turned out to be kindwhen it comes down on me
it's up to you
when it's up to me
it comes down on youoh golden ways
oldendaze
when you were mine
memories never stand the test of time
golden ways
oldendaze when you were minewe will never find the life
that we left
along we get on
time on the clock is set it's like
a death make fond of mineyou go your own way, i go mineit comes down to me
when it's up to you
and when it's up to me
and when it comes down on you
(when it's up to me)oh golden ways
oldendaze
when you were mine
memories never stand the test of timememories never stand the test of timetake us back to the olden days
golden daysooooh ooooh ooooh
