I'm Okay

Stan Getz

Time don't stop and wait for pain
Pain does fade away in time
Guess it all was just a game
When you gave your heart and I gave mine
I'm okay, I'm just fine
We fade away, hardly crossed my mind
I'm okay, my memories they comfort me
Thoughts of what we used to be
Must admit you had me fooled
The love felt real I can't deny
Really wish I did not know the truth
So I could go back to that lovely lie
I'm okay, I'm just fine
You fade away, hardly crossed my mind
I'm okay, my memories they comfort me

Thoughts of what this used to be
And it only hurts when I breathe
I can't feel it till I take a breath
And I'm holding on to these false memories
'Cause that's all, all that I've got left
I'm okay, I'm just fine
We fade away, hardly cross my mind
I'm okay, my memories they comfort me
The thoughts of what we use to be
I'm okay
We fade away, hardly cross my mind
I'm okay, my memories they comfort me
Thoughts of what this used to be
